

***WHEN DISASTER STRIKES...
VOLUNTEERS WILL BE NEEDED...***

YOU CAN HELP!

Everyone is moved when they hear the news that disaster has struck a community. Earthquakes, floods, hurricanes, tornadoes, fires, and other types of disasters can suddenly change the lifestyle of a family, community and country.

Before the next disaster strikes, get some disaster training. You will be in a better position to find meaningful volunteer work at the time of a disaster.

Become a part of Rockland's volunteer response when you are needed. Join us at a seminar sponsored by both the United Way of Rockland County and the Office of the County Executive where you will learn about:

- ◆ the role of the Rockland Assistance Center
- ◆ how emergency services work during the time of a disaster, and
- ◆ how you can become prepared as a volunteer

**Learn more at one of our upcoming seminars on
Thursday, November 17, 2005**

Raso Room in the Palisades Mall (West Nyack) 9:00 AM - 10:30 AM
Rockland County Fire Training Center (Pomona) 7:00 PM - 8:30 PM

RSVP by calling:

United Way of Rockland County
Dial 211

The Office of the County Executive
